Bratislava

Tree nursery

- **total area** 14ha
- **tree nursery** 12ha
- **stoolbeds** 2ha
- **estimated production**
more than 200 000 pcs per year

A photograph of an apple orchard. The image shows two long, straight rows of apple trees on either side of a central path. The trees are lush green and heavily laden with small, round, green apples. The path is a mix of dirt and grass, with some small yellow flowers growing in the grass. In the background, a tall, thin utility pole stands against a blue sky with scattered white clouds. The overall scene is a well-maintained agricultural landscape.

Orchards

- **modern varieties of apples in the majority of our orchards**
- **most of our orchards under irrigation**
- **protected against hailstorms and rain**

Český sad

- 100% high quality apple and mixed fruit juices made from fruit grown in the beautiful region of Český ráj
- natural products without preservatives
- artificial colourings or added sugars
- total production more than 1 million litres per year

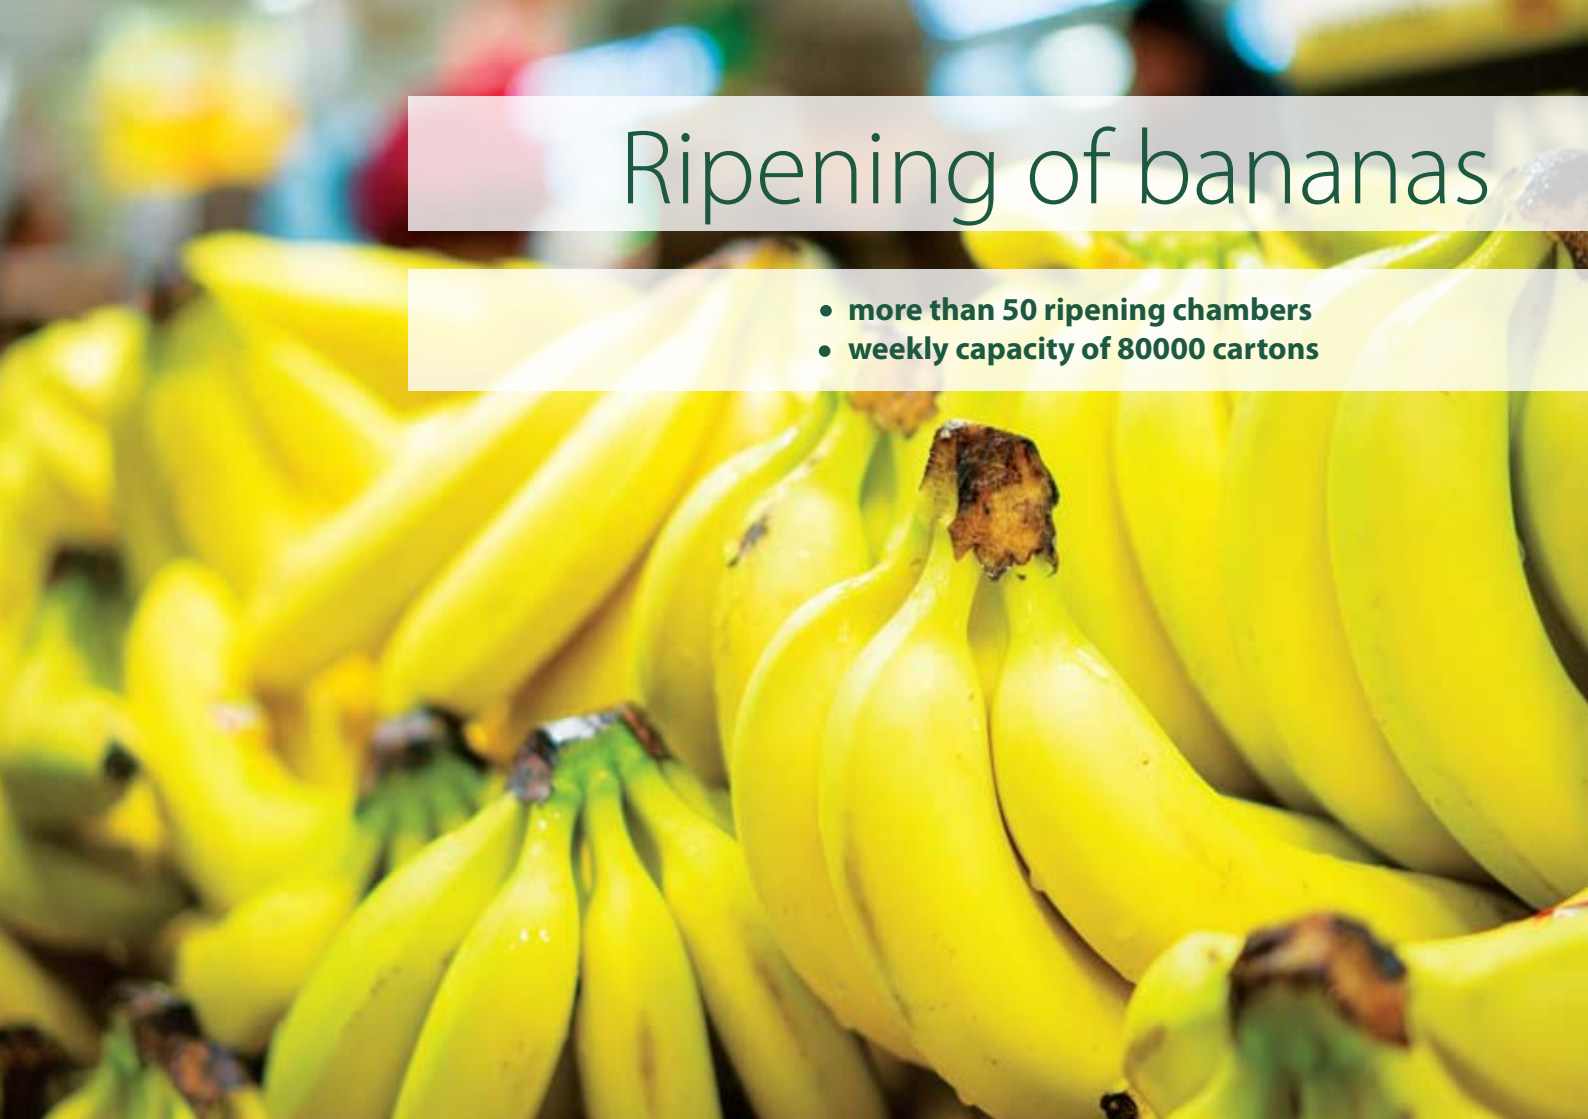

Transport

- more than 50 frigo trucks

Ripening of bananas

- more than 50 ripening chambers
- weekly capacity of 80000 cartons

Certificates

- GLOBALGAP certificate
- SISPO
- ISO 22000
